Contributing to Good Health

The GVMH Foundation offers several ways to assist others with healthcare needs. Its purpose is to enhance the programs and services provided by GVMH through encouraging and securing charitable donations.

Donations help patients and build the health of our community. GVMH is a non profit hospital with clinic facilities providing quality healthcare for patients regardless of ability to pay. So, philanthropy is key as GVMH prepares to meet the healthcare needs for this generation and those to follow.

Gifts for Today

Annual Fund gifts help today's patients and allow GVMH to offer services that might not be covered by insurance, such as patient transportation, test strips for diabetes, and information about what to expect as a first time mom. Gifts stay here and fulfill health care needs that exist in the Golden Valley. As a donor to the Annual Fund, you join in partnership with hospital employees, medical staff and the community to provide quality care with compassion and concern.

Memorials and Tributes allow you to offer a gift to the Foundation in memory of or in tribute to a loved one or friend. These gifts may be designated for a special purpose, such as an equipment fund or medical department fund.

Gifts for Tomorrow

Legacy Society partners are those who offer a bequest commitment, designate gifts of life insurance, create an annuity or trust agreement, or will to benefit GVMH in the future. Legacy Society members make a difference by providing healthcare excellence for the next generation.

Recognition

The GVMH Foundation welcomes gifts at all levels. Donors of \$500 or more are considered Sustainers and receive benefits according to several donor categories. Donors who have accumulated giving at the \$1,000 level are recognized with a plaque placed on the Recognition Wall near the main lobby of the hospital.

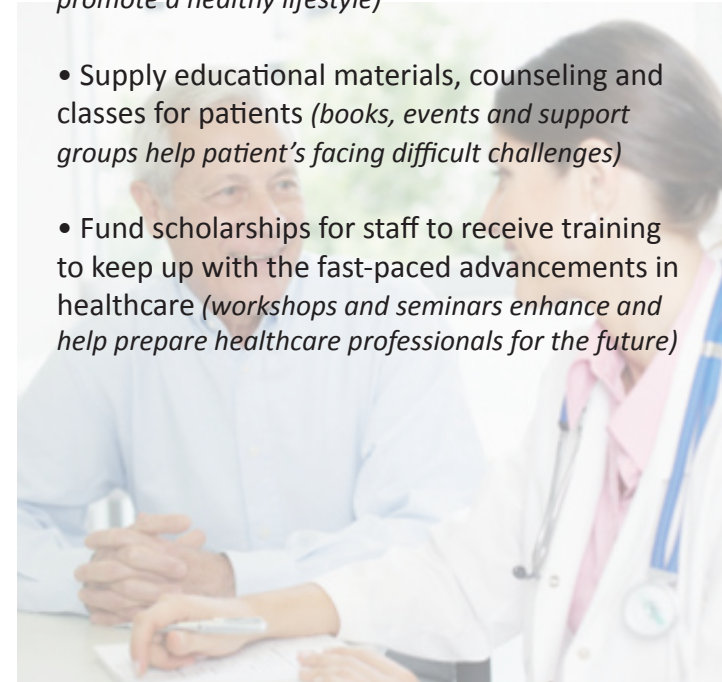

The GVMH Foundation appreciates all donors and has established the following recognition levels.

Friends	up to \$99
Partners in Health	\$100 – 499
Sustainers	\$500-999
Sponsors	\$1000 – 4,999
Fellows	\$5000-9,999
Benefactors	\$10,000 – 24,999
Patrons	\$25,000 and above

Gifts at Work

Through gifts and investment revenue, the GVMH Foundation provides steady support to GVMH and the health care community. For example, Foundation grants:

- Provide medical and surgical equipment that enhances care at GVMH (*new rehab equipment helps patients reach their potential after a catastrophic injury or illness*)
- Improve and develop physical space required to best serve patients (*renovated rooms promote health, well being and recovery*)
- Support community wellness, prevention and outreach services (*AEDs in area schools, cardiac exams for student athletes, and cooking classes promote a healthy lifestyle*)
- Supply educational materials, counseling and classes for patients (*books, events and support groups help patient's facing difficult challenges*)
- Fund scholarships for staff to receive training to keep up with the fast-paced advancements in healthcare (*workshops and seminars enhance and help prepare healthcare professionals for the future*)

There is no finer gift than that offered to benefit the health of another ...
